

HOTMA Sections 102 and 104: Income and Assets Fact Sheet

This sheet provides an overview of the changes related to income reviews and asset limitations from the implementation of HOTMA Sections 102 and 104.

Income Definitions — 24 CFR 5.609 (a): Income is now defined broadly with an expanded and clarified list of income exclusions. Annual income includes all amounts received from all sources by each adult family member 18 years or older or the head of household or their spouse, plus unearned income by or on behalf of each dependent under 18 years, plus income from assets.

- **Income Exclusions — 24 CFR 5.609(b):** See the [Income and Exclusions Resource Sheet](#) for the list of all excluded amounts.
- **Student Financial Assistance — 24 CFR 5.609(b)(9):** See the [Student Financial Assistance Resource Sheet](#) for information on deductions, exclusions, and calculating exclusions.

Income from Assets — 24 CFR 5.609(a): In general, income from assets is considered income. If it is possible to calculate actual returns from an asset, the PHA should use that amount. If it is not possible to calculate an actual return on an asset, the PHA must impute income from assets based on the current passbook savings rate as determined by HUD when the family has net assets over \$50,000 (adjusted annually by CPI-W). See the [Asset Resource Sheet](#) for the list of all excluded amounts.

Calculation of Income — 24 CFR 5.609(c): For initial occupancy/assistance and interim reexaminations, the PHA must estimate the family income for the upcoming 12-month period using current income. For all annual reexaminations, the PHA must determine the family income for the previous 12-months **unless** using a streamlined income determination, taking into account any redetermination from an interim reexamination and any unaccounted for income changes.

Interim Income Reexaminations — 24 CFR 960.257(b), 982.516(c), and 882.515(b): A family may request an interim reexamination because of family income or composition changes since the last examination. An interim reexamination should be conducted when a family's adjusted income decreases by 10% or more (or lower threshold per HUD or PHA policy). An interim reexamination should also be conducted when a family's adjusted income increases by 10% or more; however, the PHA may not consider any increase in the *earned* income of the family when estimating or calculating whether the family's adjusted income has increased, unless the family has previously received an interim reduction during the certification period. See the [Interim Reexaminations Fact Sheet](#).

Safe Harbor: Income Determinations from Other Programs — 24 CFR 5.609(c)(3): The PHA may determine a family's pre-deduction income based on income determinations made by other means-tested federal public assistance programs within the previous 12-months. PHAs are not required to use this method.

Eliminates the Earned Income Disregard: Only families already participating in EID on the effective date of the final rule may continue receiving the benefits up to 2 years from that date. Families receiving the Jobs Plus Earned Income Disregard pursuant to the FY2022 NOFO or earlier may continue to receive the EID under the terms of the NOFO.

Mandatory Deductions — 24 CFR 5.611 (a)(1)-(a)(2): Changes the mandatory deduction amounts to \$480 per dependent and \$525 per elderly and disabled family. These amounts are 2024 figures, adjusted annually for inflation and rounded to the next lowest multiple of \$25.

Health and Medical Expense Deduction — 24 CFR 5.611(a)(3): Increases the threshold for the deduction of unreimbursed health and medical care expenses plus unreimbursed reasonable attendant care and auxiliary apparatus expenses that enable employment to 10% of annual income.

Permissive Deductions — 24 CFR 5.611(b): A PHA may adopt, through written policies, additional deductions from annual income. PHAs will not be eligible for additional HUD funding based on application of these deductions.

Hardship Exemptions to the Health and Medical Expenses Deduction — 24 CFR 5.611(c)(1)-(c)(2): There are two categories of hardship exemptions to the new 10% threshold for unreimbursed health and medical expenses: a phase-in for families already receiving a deduction for expenses over 3% of their income and a general hardship exemption.

Exemption to Continue the Child Care Expense Deduction — 24 CFR 5.611(d): A family whose eligibility for the child care expense deduction is ending may request a financial hardship exemption to continue the deduction.

Limitation on Assets — 25 CFR 5.618(a): The new rule restricts families from receiving public housing or Section 8 benefits if their net family assets exceed \$100,000 (as adjusted annually) or if the family owns real property deemed suitable for the family to live in.

Exclusion from Assets — 24 CFR 5.603(b)(3): There are new exclusions from assets, including related to necessary items of personal property, non-necessary items of personal property when the total value does not exceed \$50,000 (as adjusted), and real property that the family does not have the legal authority to sell.

See the [Assets, Asset Exclusions, and Limitation on Assets Resource Sheet](#) for a complete list and more information on exclusions and real property.
